

When you call me I can go there
Look around, when I using my bible for a road map
Than I feel like Macy Wiseman, ah
You pussy is my palace, I means
You pussy is my palace, that means a lot to me
Today I woke up in Tokyo, I roll up one like a Flacko
And I be driving in a car
It feels good, when the sun down
I'm just searching brand new Gucci
I'm just sitting in Toyota
Just trying to get to you
Just wanna met your mama
These rappers ain't s you know that
These rappers ain't s you know that
