

# Dose Of Reality

Kid Quill

Let's take it back to '99  
When I was just a kid | and everything was just fine | it's like  
I thought I had it all  
Then I went and wrote this whole album on Adderall | fuck it though  
Nowadays I need a dose of reality  
Couple grams of life and a few lines of family  
My mom told me this is like some Jackson 5 shit  
Well no offense to you momma but this is my shit, they love it  
I did it all without a budget  
How come one day she love me and the next she saying fuck it I know  
I got my head up when I'm walking 'round, smiling now  
Go and call me Kanye cause they can't tell me nothing now  
And I don't know what perfect is  
But we could be the definition if you let me in (yeah)  
And it's a good place to start  
Cause there's a fuck ton of ways to beat a broken heart  
So it goes

My heart is racing and it's 4am  
I don't know if it's drugs or I'm in love again  
But if you let me I can show you my plan  
We can make our own we don't need all them  
Come on, come on, come on, come on

Let's take it back to '08  
When I was just in high school and everything was just great  
I used to kick it on the field but now I kick it on the stage  
And every time I drink I lose my heart but don't remember names but  
Oh well you love and you lust  
But I do way more of the latter I got problems with trust  
I wanna say something to you without you sounding all sus  
I think my game is pretty tight but it'd be tighter with us, I mean  
Yeah  
And the leads me to today  
Where I learned that shortcuts only call for delays  
So I just wrote my fucking story out page by page  
And it's a book where typos were not my only mistakes  
But I'm young  
I mean I'm only 21  
So I can rewrite my shit because it's only begun  
And I think  
That this a great place to start  
Cause there's a fuck ton of ways to beat a broken heart  
Hit it

My heart is racing and it's 4am  
I don't know if it's drugs or I'm in love again  
But if you let me I can show you my plan  
We can make our own we don't need all them  
Come on, come on, come on, come on

That's what I'm saying is like I realized...  
I just... was worrying about things that I could not possibly control  
Whether it'd be today, the future, life  
And then I just kind of realized one day that, I mean...  
Just, that's the beauty of life  
It's completely not knowing what is going to happen tomorrow

'Cause if we knew what was going to happen tomorrow  
What... what'll be the point of seeing tomorrow  
So I just snapped out of it and realized: 'Wow, this is what being human is  
like'
