

My Friend Kevin Plays Keys

Kid Quill

I just woke up in the best mood
I just woke up in the best mood
And my day my day my day
Started with you

You're my sunshine, you're my rainy day
You're my best friend every other way
You're my only one
So my days my days my days
Are better with you

And you got a hold on me
So hold on tight
But if you're gonna let go
Please don't let go tonight

I go to bed in the best mood
Knowing that my heart belongs to only you
I go to bed in the best mood
Knowing I'll wake up to you
