Kid Quill

I was scrolling through my iPod man, It's just...  
It's changed let's address it

Ok It's me against the world I got nothing to lose  
And if you don't know, now you do  
Hate it or love it the underdog's on top  
Came from 50's window shopper to micros thrift shop  
Man it's kinda funny how the game changed up (How?)  
Like who's the real player Big Sean or Big Pun  
So put you hands in the a-air, if you's a true play-er  
I'm not a player I just crush a lot  
Now why is? Jay the kids as hard as it gets?  
Why is the industry designed to keep the artist in debt?  
Well, I can answer that  
Probably because you stupid artists inept  
They need a doctor Mr. Carter tell me where you been at

So will the real shady please stand up  
And will  
The Beastie Boys bring the band back up  
And I'm proud I'm like Kendrick lamar just been on control  
So one more time loud as you can how does it go?

It's funny how Hip-Hop changed  
Used to be 2-Pac and now we got 2-Chainz  
It must be hard to be Lil' Wayne  
Cause everybody want to discuss  
And always complain  
So, I'm just here to make music  
Just give me all your love and I won't ever abuse it  
Now go and run that back  
Now everybody come together let's bring Hip-Hop back

(It was all a dream it was all a dream)

H to the izzo  
V to the izza  
I got 99 problems but a bitch is so eas-A  
All my ex's live in Texas like I'm George Strait  
How'd we go from college dropouts to new slaves  
I like my music real loud, real loud  
Can you turn that shit up fo' me right now, right now  
I know way to many people here right now  
That I didn't know last year then my album came out  
I'm different, yeah I'm different  
Pac and Big were around shit would be different  
I put the key in ignition  
Mama, rollin' that body  
Got every man in her wishin'  
I'm sippin' on coke and rum  
I'm like so what I'm drunk  
I'ma sip em 'til I feel 'it  
I'ma smoke 'til It's done  
All I care about is money and the city I'm from  
Actually, fuck it man I'm just here to have fun  
So

It's funny how hip-hop changed

When I'm looking at the changes yeah its cray  
The song that I've been writing make you feel some typa way  
Yeah you know we started from the bottom now we're here  
And basing off the records that I sell I'm still here  
Anyways, I done kept it real from the jump  
Gucci Mane to drop the mixtape like every month  
Hell honestly if rappers and they friends got along  
They'd probably gun me down by the end of this song  
But I'm still a  
Chain smoking  
Name dropping  
Good looking  
Mo' fucking  
You know the rest  
I'll give it to you no interruption, no rest  
And with that I digress to the bridge I guess

So, will the real shady please stand up  
And will the  
Beastie Boys bring the band back up
