

No Limits

Kid Rock

I'm feeling so up, nope down
Everybody want to wear that crown
Glasses hold em high
Everybody want to touch the sky like

Cameras up like star lights
Everybody up all night
Cameras up like all night
Cameras up like all night

We came here not to hurt nobody
Just some badass guitar playing and we're here to party
Hey you bartender pour a round for two
Cause we gone tear this mother down like we always do

So let's go
Pedal to the floor
Ain't no limits out here
Ain't no limits out here

Let's go
We on a roll
Ain't no limits out here
Ain't no limits out here

Let's go
Let's go
Let's go
Let's go

Hold on to the wheel living on the edge
Got your foot down on the gas full speed ahead
Hold on hundred miles now we off and running
Ain't no checkered flags stopping us we keep on coming

So let's go
Pedal to the floor
Ain't no limits out here (no limits)
Ain't no limits out here (no limits)

Let's go (let's go)
We on a roll
Ain't no limits out here (no limits)
Ain't no limits out here (no limits)

Let's go
Let's go
Are you ready?
Are you ready?
Are you ready?
Are you ready?

Tonight is the night everything can change
Tonight is the night everything can change
Well hey hey party people can you feel the bass?
You know the Kid is in the house bout to rock this place

Can you feel me coming bout to run this race?
I'm the real Ricky Bobby from the Great Lakes State

So let's go
Pedal to the floor
Ain't no limits out here (no limits)
Ain't no limits out here (no limits)

Let's go (go)
We on a roll
Ain't no limits out here
Ain't no limits out here

Let's go
Let's go
Let's go
Let's go
Let's go
