

Shakedown

Kid Rock

I live my life on the edge
Party like a rock star
Pedal to the floor
And it doesn't matter how far
Ain't nobody stopping me
Ain't nobody stopping me

Shakedown, takedown, breakdown
It's in the air, can you feel it tonight? Huh
Shakedown, takedown, breakdown
Somebody gon' get it tonight (come on)

I'm the cold cash money kid making mistakes
The taking the money troubadour whacking the brakes
Slapping snowflakes, straight breaking the frauds
Fuck Superman, I'm a man of God

The never-bitten, hard-hitting, hair-splitting sprinter
The ever-loving sex kitten colder than winter
The faster than a jet plane, can't you see?
Ain't nobody stopping me

I live my life on the edge
Party like a rock star
Pedal to the floor
And it doesn't matter how far
Ain't nobody stopping me
Ain't nobody stopping me

Shakedown, takedown, breakdown
It's in the air, can you feel it tonight? Huh
Shakedown, takedown, breakdown
Somebody gon' get it tonight, come on

(Hey)
Party like a rock star
(Hey)

Misled stocks and hearts, said I'm breaking 'em
Bloodshed marks the spot where I'm laying 'em
Slaying you suckers like a dragon (dragon)
Kicking y'all ass right off the bandwagon

I ain't bragging, it's a well-known fact
I back-slap the wack and dollar bills I stack
Don't take no flack from you wanna-bes
Ain't nobody stopping me

I live my life on the edge
Party like a rock star
Pedal to the floor
And it doesn't matter how far
Ain't nobody stopping me
Ain't nobody stopping me

Shakedown, takedown, breakdown
It's in the air, can you feel it tonight? Huh

Shakedown, takedown, breakdown
Somebody gon' get it tonight, come on

(Hey)
Party like a rock star
(Hey)
Ain't nobody stopping me

Shakedown (hey)
Shakedown (hey)
Shakedown (hey)
Ain't nobody stopping me
