Warrior

Yeah

So don't tell me who's wrong or right when liberty starts slipping away

And if you ain't gonna fight

Get out of the way

Cause freedom ain't so free when breathe red, white, and blue

I'm giving all of myself

Well how bout you

And they call me warrior

They call me loyalty

And they call me ready to go

Believe and help whenever you need me to be

I'm an American warrior

I'm an American warrior

A citizen soldier, ohhhhhhhhhhhhhhhhhh

Citizen soldier [echo]

I never leave another behind

And I will never accept defeat

I'm a soldier in war

Civilian in peace

Cause freedom ain't so free

When you breathe red, white, and blue

I'm giving all of myself

Cause that's what I do

And they call me warrior

They call me loyalty

And they call me ready go

Believe and help whenever you need to be

I'm an American warrior

Citizen soldier
