When we pull up, we don't show no I.D., 'cause them know who I be

Got a problem, dunno how to solve dem

And they love me 'cause they know I'm for them
When dey see me, I dey always sort dem (Sort dem)
At the link up I came with the bro 'n' 'em (Bro 'n' 'em)
If that your boyfriend 'cause we ready for him
Any mistake we gon' have to brawl him
And if he run away we gon' have to find him
Baby, shake it, shake what mama gave you (Gave you)
Are you able? 'Cause no one would save you (Save you)
Are you ready, ready for miracle?
She said she on game, oya, baby, let's go

If you no fit handle yourself

All the fine girls in regular make dem come VIP
And you know I'm very skeptical so please don't surprise me
