

Redemption

Kida Kudz

(JBFC for life, yanstand)
Last day, I'ma ball till my last day
Jiggy, Jiggy boyz

For ma hustlers, for my hustlers
Getting bare love from your customers
Doing your thing under, underground
Now you trapping and you run the block
Opps run up on you and they took the cash
What you gonna tell your OG now?
And you gotta find the money now
Ten toes on the road and you running now

Pressure, the pressure to depression, depression
But we go tension, detention
But remember redemption
The pressure, the pressure to depression, depression
But we go tension detention
But remember redemption

Live your life today
'Cause assurance no day tomorrow, yeah
We got so much pain
Dance away your sorrows, eh, eh, yeah
For streets
All my people no day frustrate
You know everythings gonna be okay
So I'ma ball out till my last day
I'm ball out
So militant like a boy scout
So diligent, I got no doubt
Magnificent hustle, so proud

I'ma do ma thing with no crowd
Everyday I was feeling so down
So more time chilling on clouds
On the internet chasing no clout
Even when am down on my worst days
I pray to God 'cause I got faith
I pray all my real ones bust case
Show them mercy for the judge face

Pressure, the pressure to depression, depression
But we go tension, detention
But remember redemption
The pressure, the pressure to depression, depression
But we go tension detention
But remember redemption

Live your life today
'Cause assurance no day tomorrow yeah
We got so much pain

No day frustrates
All my people no day frustrate
I gonna ball till my last day
Yeah, yeah, yeah, yeah

Jiggy, Jiggy Boyz, Nasty
