

Dance 4 Me

KiDi

Baby I just wanna see you naked
When you kiss me I get faded
How you move in a circle and circle baby
Got me begging' and begging' you for more
You got me insane
When you bend for me now

So I need you to dance for me
I need you to dance for me
Dance for me
Baby would you dance for me
So I need you to dance for me

Who se lelo
Who se lelo
Who se lelo
Who se lelo
Cut to chase eh eh
Girl you know me I got something to say
When you whine your body push it upon me eh
Be like I go need e person to hold me
Communicate eh eh
Tell me what you want and me I go pay eh
Fit to carry you on a holiday eh eh
I beg you baby tell me what you say eh eh
What you say eh?

Oh so would you dance for me
Oh I need you dance for me
Dance for me
Baby would you dance for me
So I need you to dance for me
O se koko o
Think you can dance for me
O se koko o
I need you to dance for me

Let that booty shake like earthquake
Quake quake quake quake quake quake
Give me that quick quick fix
Baby let it bounce and jump and clap
Oh Baby did you get my text
Give me that booty
Let that booty shake like earthquake body
Doing it for me
Baby don't stop just shake that for me
Don't wake me up
'Cause I like it when I'm dreaming
Your body I'm feeling
Girl I want to stay just give me one reason
Just give me one reason
