

Rule The World

KiDi

You're sexy and you definitely know it
And that's the energy I get from you all the time
Like every time I observe you
I can tell that you know that you're sexy
And that in itself is very sexy to me
Your hips, oooh, they never lie
They tell a truth that your eyes cannot tell
They tell the truth that your lips will never tell
You're sexy and you will rule the world
Wo b3 rulie weisi
Forget everybody
