

Euphoria

Kids of 88

I know you need a friend to pretend you're fine
Here we go again, go again, alright
The love, the hurt, the games we play
Pull us back in once again
The love, the hurt, the games we play
Pull us back in once again

Euphoria
Euphoria
You know how I feel
You know how I feel

I know you wanna lie in the candlelight
Here we go again, go again, alright
The love, the hurt, the games we play
Pull us back in once again
The love, the hurt, the games we play
Pull us back in once again

Euphoria
Euphoria
You know how I feel
You know how I feel

Oh my god, I will never understand
I could never comprehend life
Oh my god, are we gonna go again
Are we gonna spend some new time
Oh my god, is it ever gonna end
Is it ever gonna end right
This is us and it's happening again
This is happening again, my god
