

My House

Kids of 88

I'm gonna take you back to my house
I love the feeling when you touch me baby
It's not as good when I'm by myself
You know you make me go
Woo-whoo woo-oo-oo

I'm gonna take you back to my house
I love the feeling when you touch me baby
It's not as good when I'm by myself
You know you make me go
Woo-whoo woo-oo-oo

I walked into the club, I don't remember the time
Stepped right up to the door 'cause I don't stand in no line
I saw your doing your thing, minding your own business till I
busted in with the freshest two-steps so she knows that I'm right

You try and play it so cool
Act like you know it all
There's only one place for you
So come on now

I'm gonna take you back to my house
I love the feeling when you touch me baby
It's not as good when I'm by myself
You know you make me go
Woo-whoo woo-oo-oo

I'm gonna take you back to my house
I love the feeling when you touch me baby
It's not as good when I'm by myself
You know you make me go
Woo-whoo woo-oo-oo
