

## All She Wrote

Kiefer Sutherland

Let me tell you a story  
From the marrow of my bones.  
Let me tell you a story  
That'll teach you how to roam.  
Let me tell you a story  
But you ain't ever coming home.  
Let me tell you a story  
Hope you like being alone.  
And I've been down that road.  
I'm all you need I'm all she wrote.  
And come the night it gets so cold.  
But I'm all you need baby I'm all she wrote.

Let me give you a reason  
For wanting not to die.  
Let me give you a reason  
For knowing how to cry.  
Let me give you a reason  
That's gonna make you try  
Let me give you a reason  
And brother that's why I no lie.  
And I've been down that road.  
I'm all you need I'm all she wrote.  
And I ain't sick and?

Got no time for players got no time for games.

Let me show you the truth  
It's right there in your shaking hands  
Let me show you the truth  
Of this here promised land  
Let me show you the truth  
It's all that you command.  
Let me show you the truth  
Of the fortune in the?  
And I've been down that road.  
I'm all you need I'm all she wrote.  
And come the night it gets so cold.  
But I'm all you need baby I'm all she wrote.
