

2nd Win

Kierra Kiki Sheard

I know it may seem like your life is falling apart
But don't you know God's already working it out
There's strength in you, you were born to win
So don't quit now here comes your second win

I know it may be hard to believe it
You cried so hard, your eyes are crimson
The pain in your life is overwhelming
If he did it before, he can do it again

I know it may seem like your life is falling apart
But don't you know God's already working it out
There's strength in you, you were born to win
So don't quit now here comes your second win

I know you can't believe what they have told you
They're using words as rhymes trying to own you
They can't control your mind, they don't own you
You gotta keep the faith like you're supposed to

I know it may seem like your life is falling apart
But don't you know God's already working it out
There's strength in you, you were born to win
So don't quit now here comes your second win

They will over come
By the blood of the lamb
By the word of the testimony
You will, you will overcome
I believe you will

If God is for you
Who can be against you
You will win
I know you will
You'll will

My God is, he's bigger than your mountain
