

Repin My God

Kierra Kiki Sheard

I'm in my gold chain, repin, repin my God
Rockin pumps and J's, repin, repin my God
Fresh new swag repin, repin my God
Who said I couldn't be fly, repin, repin my God

Everybody. Everybody put your hands up. Intersected

Bigger things, that I wanted. (Let's go Ki)
If I said I don't, then I be frontin it. (Frontin it)
He told me, that I can have it. (Say what)
As long as I don't forget the (purpose)
Of this life. I must live right. He trust me to walk in (the new)
So I gotta I prove. So, the beat may change
But the message stay the same Drew make the beat go

No matter where I go I'll be out the box
It may seem strange, but we're gonna change the game

Even though the world wants me
But they can't take from me
What He has given to me. Don't worry bout me cuz

I'm in my gold chain repin, repin my God
Rockin pumps and J's repin, repin my God
Fresh new swag repin, repin my God
Who said I couldn't be fly repin, repin my God

Who said that I, can't dream bigger
And have Christ, that comes with swagger
Not of the world, but yet I'm in it
Sick of the boxes that they try to put us in
There's more to it going places
But I'm far from the basic
Traditions, its more about relation and where my heart
Stands with God. Drop the beat Drew

No matter where I go I'll be out the box
It may seem strange, but we're gonna change the game

Even though the world wants me
But they can't take from me
What He has given to me. Don't worry bout me cuz

I'm in my gold chain repin, repin my God
Rockin pumps and J's repin, repin my God
Fresh new swag repin, repin my God
Who said I couldn't be fly repin, repin my God

The cameras out bring them up close
Chain hanging swanging looking like a jump rope
Grace and Mercy I don't deserve Father
I'm not a boss, but I server one
Father, God, Almighty daddy
On the lac in my life as a caddie
And I don't even have to throw it up
Everybody know it's up

Neighbors come on in like a pattie
And I'm so high
But I can't wait another day
Lord I just wanna thank you for another day
Get it in with my friends and we in tears

No matter where I go I'll be out the box
It may seem strange, but we're gonna change the game
