

# Bitch I Care

Kiesza

I ain't did nothing  
Why you stressing out on me  
You're suspicious of me boo  
Well, then, say it as it is  
I am yours, don't look at me  
I am yours, ain't nobody sharing me

You the one who changed  
Is there something I should know?  
Did you put the blame on me  
While the crime is really yours?  
Am I yours, who's sharing you?  
Am I yours, did some bitch go down on you?

I'm making it my business  
Why you acting different  
Boy I almost had enough  
Gotta trust the one you love

Bitch, I care if you love me  
Like crazy crazy crazy crazy, baby baby baby  
Oh, but I dare you to hurt me now  
Why you gotta do this?  
Bitch, I care if you leave me  
Like crazy crazy crazy crazy, hate me all you want  
But I dare you to hurt me now  
Why you doing this now?

Don't call me insane  
Turning tables round so quick  
You just acting super lame  
Tryna hit me with this shit  
Won't be yours, if you're like this  
Won't be yours, if you tear me up like this

I'm making it my business  
Why you acting different  
Boy, I almost had enough  
Gotta trust the one you love

Bitch, I care if you love me  
Like crazy crazy crazy crazy, baby baby baby  
Oh, but I dare you to hurt me now  
Why you gotta do this?  
Bitch, I care if you leave me  
Like crazy crazy crazy crazy, hate me all you want  
But I dare you to hurt me now  
Why you doing this now?

Why you doing this now?  
Wind me up, let me down  
If you ain't ready to love me  
You should get ready for nothing oh

'Cause bitch, I care if you love me  
Like crazy crazy crazy crazy, baby baby baby  
Oh, but I dare you to hurt me now

Why you gotta do this?  
Bitch, I care if you leave me  
Like crazy crazy crazy crazy, hate me all you want  
But I dare you to hurt me now  
Why you doing this now?
