

# Can't Be Saved

Kiesza

Your hands through my ripped jeans  
We're closing in  
You're changing the state of my dreams  
Think we both know what it means  
Your edge  
It cut right in  
Went straight through me  
For once I just let it bleed  
You're getting the best of me

I can't be saved tonight  
I just know what I like  
I want you  
I want you  
I can't be saved, so I  
Might as well give up the fight  
I want  
I want you  
And now I'm getting emotional just being next to you  
I want you  
I want you  
And now I'm feeling explosive the closer I get, it's true  
I want you  
I want you

Flashlight  
That's what you are  
To my dark night  
So bright that it's blinding my heart  
But I can't resist that part  
Outer space  
You take me there  
Stars burning together  
And honestly nothing feels better  
With you I could burn forever

I can't be saved tonight  
I just know what I like  
I want you  
I want you  
I can't be saved so I  
Might as well give up the fight  
I want  
I want you  
And now I'm getting emotional just being next to you  
I want you  
I want you  
And now I'm feeling explosive the closer I get, it's true  
I want you  
I want you

Ooh, yeah  
I crave you  
Ooh, yeah  
'Cause I love the taste  
Of your love

I can't be saved tonight  
I just know what I like  
I want you  
I want you  
I can't be saved, so I  
Might as well give up the fight  
I want you  
I want you

I can't be saved tonight  
I just know what I like  
I want you  
I want you  
I can't be saved, so I  
Might as well give up the fight  
I want  
I want you  
And now I'm getting emotional just being next to you  
I want you  
I want you  
And now I'm feeling explosive the closer I get, it's true  
I want you  
I want you
