

# Dance with Your Best Friend

Kiesza

Sweat, sweat, sweat, we're animals  
Dancing in a midnight jungle  
Gone wild and our nature says it all  
Teeth out, we're wild and it's alright  
And we're lost in the strobe, making silhouettes

Feel that connection weave  
Steer my direction, please  
Tornado spin with me  
We're hardly balancing and  
I get the feeling like  
We're breaking free tonight  
Sink into the moment

Hey, best friend  
What's up?  
Me, I'm tryna dance  
Put some liqua in my cup  
Yeah, I'm tryna smoke  
Pass the weed, roll it up  
If it's cute from the back  
You should see it from the front  
Best friend's a boss  
So there's no needa stunt  
She's so cute, so sweet, so sexy  
No new friends, you hoes is messy  
We run this, don't switch, don't vex me

When the DJ drops that lick drop, get down!  
Turn that music up, let's get down  
4-5-6 to the morning, get down  
Don't stop, move, let's dance now, get down  
So take my hand, let's take the high road  
Make, make our own paradise right here  
Nightlife, moonlight, feels just right  
Come dance with me

Dance with your best friend  
On the weekend  
In the evening  
You say it's alright  
So I'll  
Dance with your best friend  
This weekend  
In the evening  
I know it's alright  
You say you don't mind

Runnin' on a milli  
A million stars burnin' up  
Fire in the sky that be lighting the whole night and I  
Died in your arms and I would've done it again  
The whole nine, we done had it and had a hell of a time, like  
Up jumps the boogie, the boogie jumps the beat  
I can't feel my feet, the whole room's spinning  
Melting like a Dali painting, I'm feelin'  
The holy ghost take my body over the limit

Please don't kill my vibe now  
We flyin' off that la la  
Feet, don't fail me now, now  
I've gone and done lost my mind

So take my hand, let's take the high road  
Make, make our own paradise right here  
Nightlife, moonlight, feels just right  
Come dance with me

Dance with your best friend  
On the weekend  
In the evening  
You say it's alright  
So I'll

Sweat, sweat, sweat, we're animals  
Dancing in a midnight jungle  
Gone wild and our nature says it all  
Teeth out, we're wild and it's alright  
And we're lost in the strobe, making silhouettes

We're psycho like candy  
Untouchable like lightning  
So take my hand, let's hit the high road  
Move so quick we got vertigo  
Dancing, moonlight killing  
L-I-C-K dropping on it  
Yeah, we love it, feel it, kill it  
You can't steal it, we the illest

Dance with your best friend  
On the weekend  
In the evening  
You say it's alright  
So I'll  
Dance with your best friend  
This weekend  
In the evening  
I know it's alright  
You say it's alright
