

# One More Time

Kiesza

This is the moment I decide  
Taking a leap of faith tonight  
Under these lights I'm not afraid  
To give it all this time

Is there anyone out there tonight?  
Cause we're living it up for one more time

Forget tomorrow, live tonight  
For one more time

The light inside us, is burning bright  
Illuminating, just you and I  
Making the memories we won't forget  
And hold on this time

Is there anyone out there tonight?  
Cause we're living it up for one more time

Forget tomorrow, live tonight  
For one more time
