

# So Erotic

Kiesza

(So erotic so erotic...)

Come let me take on a journey of a lifetime  
Tongue origami this is gonna be the last ride  
Elvis will come back from the dead to be part of this  
Grind on his ghost hips dirty three way kiss

(So erotic so erotic...)

You will forget your name  
You will forget your lonely  
You'll never be the same  
Don't wanna wait a second more

Strap to me to your bed  
So erotic  
So erotic  
Make it rough  
Don't keep me waiting  
Yeah, I want it  
Yeah, I want it  
Till I'm red  
Dares getting risky  
All this sinning gets me wet  
We'll keep on edging edging edging

So erotic so erotic
