

# Found! The Real Found

Kiev

Distant light you know  
You'll call our names  
Don't like who we are  
Why we stay

But distant fire  
That couldn't light down  
This road  
You keep our doors  
From swinging alright, so

Only for how they know  
Turn away  
Oh time

What's that shape I see  
That's on the floor?  
Don't shine light far down  
You'll wake the gods  
Down they go

Change the throne  
Match your eyes  
They'd go  
I don't see

Just how that we  
Will find our heads

Don't avail  
Oh, don't know where  
Our time  
Only we're fighting for  
Turn away, what's mine  
Only if I had it all  
Turn away, oh time, and hold your  
Turn away, oh time

Turn away, on time
