

# Accidental

Kiara

Lights turn green  
You were staring through my mind  
You should pay attention  
You should really take some time  
I know I confuse you  
I manipulate, you cry  
I know I'ma lose you  
But I need you in my life

Oh, oh  
We found love, but we never explored it, no  
Oh, oh  
You showed me love, but I always ignored it

I was an accidental bitch  
I was just high as shit  
Didn't mean to hurt you  
I was an accidental bitch  
I don't know what switched  
Is it too late to undo  
All the things I did and did not do  
All the things I said that were not true  
I was an accidental bitch  
Now I'm being punished  
I just wanna be with you

You remember it  
Like we still be the same  
I remember whippin'  
Whippin', kissin', switchin' lanes  
In a foreign, always in the foreign  
Trying to impress me  
Why you crash it when we floor it?

Oh, oh  
We found love, but we never explored it, no  
Oh, oh  
I treated you like you weren't important

I was an accidental bitch  
I was just high as shit  
Didn't mean to hurt you  
I was an accidental bitch  
Take it back, I wish  
Is it too late to undo  
All the things I did and did not do  
All the things I said that were not true  
I was an accidental bitch  
Now I'm being punished  
I just wanna be with you

The way you kept me close  
When I shoulda been repoed  
Shoulda known better  
The drugs fucked my head up  
Why did you let me?  
Why didn't you come and get me?

Why you still mad though?  
I'm pleading insanity

I was an accidental bitch  
I was just high as shit  
Didn't mean to hurt you  
I was an accidental bitch  
Maybe that's what you miss  
Maybe that's what you're used to  
All the things I did and did not do  
All the things I said that were not true  
I was an accidental bitch  
Now I'm being punished  
I just wanna be with you
