

Closer

Kiara

Got me feening for your lion roar
I got some more liquor here to pour
It's all yours if you want more
Call me, I pick up the first ring
On the menu, you have anything
I take off this Dior
The love scene will have my panties on the floor
You see I need some hardcore
When I hit your line, you know what I'm calling for

I been wondering If you could put me on
I got a fetish for that Don Corleone
'Cause it looks like a boss that I see
Come get this pussy for free
You got the drugs that I need
Addicted, I need to OD

Oh, Oh
Yeah, you know
I need another shot of what I had before
Ah, ah

Please come over a little closer
Fuck being sober, I need it like I told ya
Take me, I'll follow your lead
Make me get down on my knees
I'm poppin your pill, I need ecstasy

Ah, ah
Eh, I'm out here looking strung out
Eh, taking pictures with my tongue out
Eh, what you do to me got me strung out
Eh, taking pictures with my tongue out

Honestly, I see you and me on the floor
I got something that you can't ignore
It's all yours
Show you what I got it for
Call me, I got it by the OZ
They say, that shit hit different when you get it from Kiwi
Once again, high score
Be on top of you, up on the top floor

I been wondering if you could put me on
I got a fetish for that Don Corleone
'Cause it looks like a boss that I see
Come get this pussy for free
You got the drugs that I need
Addicted I need to OD

Oh, Oh
Yeah, you know
I need another shot of what I had before
Ah, ah

Pls come over, and bring your cobra
Fuck being sober, I need it like I told ya

Take me, I'll follow your lead
Make me get down on my knees
I'm poppin your pill, I need ecstasy

Ah, ah
Eh, I'm out here looking strung out
Eh, taking pictures with my tongue out
Eh, what you do to me got me strung out
Eh, taking pictures with my tongue out
