

# I Don't Wanna Be Friends

Kiiara

I don't wanna be friends  
I wanna spend my love and I wanna waste all my time with ya  
Is that cool with ya?  
But I don't wanna be friends  
I want the highs and lows  
Everywhere that you go I'mma come with ya  
Is that cool with ya?

I don't wanna be more than friendly  
'Cause a friend would never think like I do  
About you  
And lotta thinking lately  
That it's different when I'm hanging with you

Every day's the same  
Tryna find a way to your body  
Something in the way  
I feel like I gotta say this

I don't wanna be friends  
I wanna spend my love and I wanna waste all my time with ya  
Is that cool with ya?  
But I don't wanna be friends  
I want the highs and lows  
Everywhere that you go I'mma come with ya  
Is that cool with ya?

I don't wanna be  
Just any  
Being anybody ain't good enough  
For me

Every day's the same  
Tryna find a way to your body  
Something in the way  
I feel like I gotta say this

I don't wanna be friends  
I wanna spend my love and I wanna waste all my time with ya  
Is that cool with ya?  
But I don't wanna be friends  
I want the highs and lows  
Everywhere that you go I'mma come with ya  
Is that cool with ya?  
I don't wanna be friends  
I wanna spend my love and I wanna waste all my time with ya  
Is that cool with ya?  
But I don't wanna be friends  
I want the highs and lows  
Everywhere that you go I'mma come with ya  
Is that cool with ya?  
But I don't wanna be friends
