

Microdose

Kiara

Thought that I could flip the switch on my emotions
But every time you call it's like I'm choking
Yeah you got a tight grip
And you know it
Got me running low on serotonin

I said it
And I meant it
That I'll never let that shit go
Took caution
But I lost it
When I let you get a bit too close

I thought I could microdose on you
Now you got me trippin
Thought that I could get this close to you without ever slipping
Over the edge, but I guess that my head wouldn't let me
Try to say no, but you tempt me
Thought that I could microdose on you now my head is spinning

And it goes...
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhh duh duh duh duh da duhhh da duhhhhh
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhh duh duh duh duh da duhhh da duhhhhh

Said we'd keep it simple
Said we'd keep it no strings
So when the moments over yeah it won't sting
Guess that we got too close
Now I don't sleep cause I'm running low on serotonin

I said it
And I meant it
That I'll never let that shit go
Took caution
But I lost it
When I let you get a bit too close

I thought I could microdose on you
Now you got me trippin
Thought that I could get this close to you without ever slipping
Over the edge, but I guess that my head wouldn't let me
Try to say no, but you tempt me
Thought that I could microdose on you now my head is spinning

And it goes...
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhh duh duh duh duh da duhhh da duhhhhh
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhh duh duh duh duh da duhhh da duhhhhh

Slow down
Slow down
All of my thoughts out of focus
Slow down
Slow down

One taste of you got me so sick
Slow down
Slow down
All of my thoughts out of focus
Slow down
Slow down
Cause I'm sooooo sick

I thought I could microdose on you
Now you got me trippin
Thought that I could get this close to you without ever slipping
Over the edge, but I guess that my head wouldn't let me
Try to say no, but you tempt me
Thought that I could microdose on you now my head is spinning

And it goes...
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhhhh duh duh duh duh da duhhh da duhhhhh
Duhhhhhhhh da duhhhhh duh duh duh duh da duhh
Duhh da duhhhhhhh duh duh duh duh da duhhh da duhhhhh
