

# Minute

Kiara

I see you in my dreams  
But that's it

Really wanted something more  
But not this  
We been through all this before  
It's tragic  
It's become a habit  
Got me going batshit  
Where are you  
Lost again  
You took too long to find me  
Is it done  
Is it dead  
Cause I'm over deciding

Are you in  
Are you out  
Are you with it  
If you are gotta know you're committed  
Cause if I let you go  
And leave you on your own  
Would you tell me that you miss it  
Are you in  
Are you out  
Are you listening  
Wish you'd call, wish you'd beg, but you didn't  
Don't wana be alone  
If you tell me to come home  
I'll be there in a minute

I got in your face  
You hate that  
If you say you're gonna stay  
No take backs  
I'm not down to chase  
I've had it  
Can't bury the hatchet  
Got me going batshit  
Where are you  
Lost again  
You took too long to find me  
Is it done  
Is it dead  
Cause I'm over deciding

Are you in  
Are you out  
Are you with it  
If you are gotta know you're committed  
Cause if I let you go  
And leave you on your own  
Would you tell me that you miss it  
Are you in  
Are you out  
Are you listening  
Wish you'd call, wish you'd beg, but you didn't

Don't wanna be alone  
If you tell me to come home  
I'll be there in a minute  
I'll be there in a... minute  
I'll be there in a minute  
I'll be there in a... minute  
I'll be there in a minute  
I'll be there in a... minute  
I'll be there in a minute  
I'll be there in a... minute  
I'll be there in a minute

Are you in  
Are you out  
Are you with it  
If you are gotta know you're committed  
Cause if I let you go  
And leave you on your own  
Would you tell me that you miss it  
Are you in  
Are you out  
Are you listening  
Wish you'd call, wish you'd beg, but you didn't  
Don't wanna be alone  
If you tell me to come home  
I'll be there in a minute

I'll be there in a... minute  
I'll be there in a minute  
I'll be there in a... minute

I see you in my dreams  
But that's it
