

Keep It to Yourself

Kiki Dee

I hear a knock on my door
And it makes my blood run cold
I have to think twice
Before I pick up the phone
I don't have the strength left
To make excuses
No need to feel this way
Unlike you I mean what I say

I don't want to know what you have to tell
If you want to confess go to somebody else
I don't want to buy what you have to sell
Don't waste your time don't waste your breathe
I don't want to know what you have to tell
Just keep it to yourself
I don't want to buy what you have to sell
If you want to impress try somebody else

Now I meet with silence
And I greet him like a friend
Release the burden
And feel some hope again
There's no loss without you
But everything to gain
No malice here to spend
You realise in the end

I don't want to know what you have to tell
If you want to confess go to somebody else
I don't want to buy what you have to sell
You're wasting your time you're wasting your breathe
I don't want to know what you have to tell
Just keep it to yourself
I don't want to buy what you have to sell
If you want to impress try somebody else

To gaze into your eyes
And hear at the same time lies
Of all the ways that you can help
You can even help yourself
Somebody else may be impressed
By your love and business sense
Find someone of your own
And just leave me alone
No need to feel this way
Unlike you I mean what I say
