

Love Is a Crazy Feeling

Kiki Dee

(The night that we)
Remember
(This will be)
(The night that we)

I can't believe our love
How good it is to be
Dancing so close to you
And all I'm thinking of
Is what you mean to me
And so I touch you

And say love is a crazy feeling
Gets you right down there in your heart
Making it stronger stronger
Gonna make it last that a whole lotta longer
Love is a crazy feeling
Gets you right down there in your heart
Makes you feel stronger stronger
I'm gonna make it last that a whole lotta longer

No need to talk to me
Your eyes have told me all
All that I want or need to know
In love with all I see
I take you in my arms
And if I don't let go

Let us love is a crazy feeling
Gets you right down there in your heart
Making it beat stronger stronger
Gonna make it last that a whole lotta longer
Love is a crazy feeling
Gets you right down there in your heart
Makes you feel stronger stronger
I'm gonna make it last that a whole lotta longer

(It will be)
(The night that we)
Remember

I can't believe our love
How good it is to be
Lying so close to to you
I can't believe my eyes
But I believe in you
And so I touch you

I said love is a crazy feeling
Gets you right down there in your heart
Making it beat stronger stronger
Gonna make it last that a whole lotta longer
Love is a crazy feeling
Gets you right down there in your heart
Makes you feel stronger stronger
I'm gonna make it last that a whole lotta longer

Love is a crazy feeling
Gets you right down there in your heart
Making it beat stronger stronger
Gonna make it last that a whole lotta longer
Love is a crazy feeling
Gets you right down there in your heart
Makes you feel stronger stronger
I'm gonna make it last that a whole lotta longer
