

# Pay

Kiki Dee

There was a time we were walking together  
The streets were cold but we were warm inside  
We felt the safety of night closing in  
For you I'd come alive

Pay  
You're making pay  
You don't know that you did  
You don't know what you've done  
You're making me pay

From boy to man I never knew him in those days  
I would have liked his personality  
But came a chance with the boys on the corner  
Stay at home to a marriage and family

Pay  
You're making pay  
You don't know that you did  
You don't know what you've done  
You're making me pay

All the love  
Pay  
Boy to man time to time  
We felt the safety of night closing in  
It's you I understand

Pay  
You're making pay  
You don't know that you did  
You don't know what you've done  
You're making me pay

Pay  
You're making pay  
You don't know that you did  
You don't know what you've done  
You're making me pay  
Oh pay  
You're making pay  
You're making pay  
You're making pay  
You don't know that you did  
You don't know you don't know you don't know what you've done  
You don't know you don't know you don't know
