

## Stop And Think

Kiki Dee

Life's a game you play  
In your own sweet way  
You don't play it by the rules  
'Cause you've always found  
Girls like me around  
Girls you look upon as fools

If you'd only stop and think  
If you'd only realise  
If you'd only stop and think  
Maybe it would cut you down to size

If you'd only shown me that you cared  
Only shown me that I scare  
I would love you more than true  
Otherwise I'd be leaving you  
Stop and think or it's for sure  
I'd be gone 'cause I can't take any more

If you'd only stop and think  
If you'd only realise  
If you'd only stop and think  
Maybe it would cut you down to size

If you'd only stop and think  
If you'd only realise  
If you'd only stop and think  
Would it cut you down to size
