

We Cry On

Kiki Dee

We cry on
On and on
We don't choose to fight
But we have a right
We cry on
On and on
Don't chose to fight
But we have a right
We cry on

Tune in your TV to the latest disaster
The image speaks to us as it mesmerises us
Into submission
We can't forget it until we turn to the laughter show
Fire and water words and deeds
Truth is your watching is a testimony
The scenes we witness all on our screens
Give us a chance to share crocodile tears

We cry on
On and on
We don't choose to fight
But we have a right
We cry on
Cry on
Don't chose to fight
But we have a right
Cry on

Call in your questions they'll give you the answers
To stop the truth till it sounds like a pack of lies
Well you know nobody's perfect
As if we change something if we carried on
Fire and water words and deeds
Truth is your watching is a testimony
The scenes we witness all on our screens
We welcome the chance to share crocodile tears

We cry on
On and on
We don't choose to fight
But we have a right
We cry on
Cry on
Cry on
Cry on
Cry on
We don't choose to fight
Oh we have a right
To cry on
On and on
Cry on
Cry on
Cry on
Cry on
On and on
We don't choose to fight
But we have a right

We cry on
On and on
Cry on...
