Just friends  
Just friends alright

Come quickly come quickly alright  
Who cares  
Who cares  
Till we die till we die oh  
Even if this is our last day together

Hit the accelerate so we have no worries  
So nobody can recognize you ah yeah  
Speed put at the maximum  
A rolling stones song play on  
But no matter what song I play  
Already in your heart  
Crying has already filled it  
No song could save that  
I'll hold you  
Even when the world turns its back on you  
You can lean on me ooh  
We are no more than friends  
I know I know woo
