Love-love the stars
Love-love the moon
Nothing's really different

It's the same air
It's the same bed
Looking at the same ceiling
Why do I feel so empty
For no reason at all
It's been a few hours
Since I've been spacing out

At first
I thought I was just hungry
No way no way no way
These days
I listen to Kanye's new album
But it's just typical

I leave the TV on
But I'm just flipping the channels
But bae, there's not much meaning

Nothing comes even close
To half of you
It can't fill me
It doesn't fill me up, yeah
Just half
If only I had just half of you
Then I wouldn't feel like this

On a night without you
Even when the moon is up
I can't see it
It's hidden by thoughts of you, yeah

Just like you can't make a fair call
If your heart is slanted
Just because you're not here
There's no way I should be like this
But I keep going back to those times

In the place where you used to be
I can see the night sky
That half-full moon
Looks just like me right now

Nothing comes even close
To half of you
It can't fill me
It doesn't fill me up, yeah
Just half
If only I had just half of you
Then I wouldn't feel like this

If tomorrow's darkness
Takes one bite of the moon
Then our world that we made
Would become smaller too
Only longing will fill it up
After I spend a boring day
When the full moon rises to the sky

When we used to go around
Saying that we were one
I didn't know it'd be so clear
That you are you and I am me

Time to think is up,
Is what it feels like

If more time passes, I can't ask you to come back
Just like Don Quixote
I'm crazily dreaming of your love
If only I can see your eyes
I would be able to fill up my empty heart

Nothing comes even close
To half of you
It can't fill me
It doesn't fill me up, yeah
Just half
If only I had just half of you
Then I wouldn't feel like this

Love-love the stars
Love-love the moon
Nothing comes even close
To half of you
If only I had just half of you
If only
