

# love

Kiley Dean

You give me something I need in my life  
Second to nothing you come baby  
Told you I loved you you told me you might  
Tell me why you frontin' babe  
Say you want to take it slow  
When you're ready let me know  
I know somewhere we can go to unwind  
Leave your troubles in the past  
And give love another chance  
You got questions I got answers tonight

I got intentions baby  
But I'm gettin' restless babe  
I need your blessing baby  
I'll love you if you let me baby  
I know I know I know I know  
I know I know I know I know  
I know I know I know I know I know  
I know I know I know I know  
I know I know I know I know  
I know I know I know I know

Got a lot of emotion it's a rollercoaster but I like it  
Should I wait in line should  
I close my eyes or should I ride it out  
Don't know where we're goin'  
Let's live in the moment  
Something about you I'm so in to  
Say you want to take it slow  
When you're ready let me know  
I got somewhere we can go to unwind  
I been patient I been true  
I been playing by the rules  
Tell your friends I got you alright yea

I got intentions baby  
But I'm gettin' restless babe  
I need your blessin' baby  
I'll fuck you if you let me baby  
I know I know I know I know  
I know I know I know I know  
I know I know I know I know I know  
I know I know I know I know  
I know I know I know I know  
I know I know I know I know  
(Love - love - love)

You wonder where is the love where is the love  
You've been looking for feelings of love  
Yeah I'm out of control  
Whether it's right or wrong no  
If its mean to be we will know

I got intentions baby  
But I'm gettin' restless babe  
I need your blessin' baby  
I'll love you if you let me baby

I know I know I know I know  
I know I know I know I know  
I know I know I know I know I know  
I know I know I know I know  
I know I know I know I know  
I know I know I know I know I know

Turn that shit off!  
It's all about the things you do  
That makes me wanna turn to you  
It's all about the dreams you grew  
That gives my life another view  
It's all about the things you do  
That makes me wanna turn to you  
It's all about the dreams you grew  
That gives my life another view  
Where is the love is the love is the love
