Baby it's your last time to
Give me your best try
And to give your heart to me
(No more
This love it over)
Tell me what to do
I don't know what to do
Your love it just a memory
I don't know what you're
Saying no more
Baby it's your last time to
Give me your best try
And to give your heart to me
(Whatever you want

Whatever you saying
We know it over)

A day passes but my phone doesn't ring
Now I've gotten more used to waiting
My sighs build up like the sand in an hourglass
On the other hand, my expectations for you are slowly decreasing
I believed in you when you gave awkward excuses, saying you're busy
I saw you but I didn't know
Maybe I knew on the inside
I just didn't wanna believe that you changed

Tell me what to do
I don't know what to do
Your love is just a memory
Baby, it's your last time
To give me your best try
And to give your heart to me

Why are you doing this? Stop it
Like the lyrics of a break up song
Your words are changing
It seems like over to us
Meaningless scars are left behind in our frequent fights
It seems like it's too late to turn things around
Even if I spill out my all, you won't be filled up in the end
Now I know, maybe I always knew
Our break up is like a predicted ending
It's right there in front of us (yeah yeah)

Tell me what to do
I don't know what to do
Your love is just a memory
(Your love is just a memory, yeah)
Baby, it's your last time to
Give me your best try
And to give your heart to me
(to give me your best try ah)

Take it to the bridge
Yeah yeah yeah
(ay you know?)
So many thoughts came and went baby
Yeah yeah yeah
Yeah yeah yeah
Someone needs to say it's over

Tell me what to do
I don't know what to do
Your love is just a memory
Baby, it's your last time
To give me your best try
And to give your heart to me
(No more, this love is over)

Tell me what to do
I don't know what to do
Your love is just a memory
(I don't know what to saying no more)
Baby, it's your last time
To give me your best try
And to give your heart to me
(Whatever you want
Whatever you saying

We know is over)
