

In It for the Show

Kilians

Why don't we make out?
But I don't think we make out tonight.
But we could check it out sometime,
Shaking it up, just fine.

You've got your heart lost in your pocket, you crazy
little puppet,
Don't act like you don't want it, 'cause now you really
got it.
Your heart lost in your pocket, you crazy little
puppet,
You really got me thinking that I...

Come take it easy, I want you to know
It doesn't matter as long as we roll.
Come, take it easy, take it real slow
Pretend you're in it, but just for the show.

Why don't we break up? No.
But I don't think we break up tonight.
We could check it up sometime,
But shaking it up is just fine.

Come take it easy, I want you to know
It doesn't matter as long as we roll.
Come, take it easy, take it real slow
Pretend you're in it, but just for the show.

You give me reasons that I didn't know
It doesn't matter as long as we roll.
Come, take it easy, take it real slow
Pretend you're in it, but just for the show.

Come take it easy, I want you to know
It doesn't matter as long as we roll.
Come, take it easy, take it real slow
Pretend you're in it, but just for the show.

You give me reasons that I didn't know
It doesn't matter as long as we roll.
Come, take it easy, take it real slow
Pretend you're in it, but just for the show.
