

Tackern

Kilians

We go along
We go ahead
And we are trying not to give a fuck about that
We think you're done
We think you're fat
And you are wasting too much waste inside my head

And we will try impress
but we know it's not as easy ?as when anyone to piece?
or would she ever just please me

Now that we're done
We go ahead
And we are trying not to give them what they said
They go along
They go ahead
And they are into any fucking ???

And we will try impress
but we know it's not as easy ?as when anyone to piece?
or would she ever just please me now

And I'm done
but if the ?pumping? like me so
And I'm staid
May I role
And the ?pumping? like you so

See I go
When I go
And the ?pumping? like you so
And I'm staid
May I role
And the ?pumping? like you so

We go along
We go ahead
And we are trying not to give a fuck about that
We think you're done
We think you're fat
And you are wasting too much space inside my head

And we will try impress
but we know it's not as easy ?as when anyone to piece?
or would she ever just please me

And we will try impress
but we know it's not as easy ?as when anyone to piece?
or would she ever just please me
