

# Strobe Lights

Kill Hannah

Strobe lights  
Like a storm in the summer sky  
In your eyes  
Cannons open fire  
Go blind like World War Nine  
Welcome to the show

Tonight  
We cut like a samurai  
You and I, like Bonnie and Clyde  
Strobe lights  
Chase the sunrise  
Ready, set, explode

Dance  
Wake up the sleepers  
I'm staring at you now  
I'm watching you  
Dance  
All you pale motherfuckers  
I love how you move tonight in the strobe lights

Strobe lights  
Found us just in time  
First born  
Last in the family line  
You burn like a roman candle  
A symphony's composed

Tonight  
We cut like a samurai -  
So alive, so alive

Dance  
Wake up the sleepers  
Can't stop staring at you now  
I'm watching you oh  
Dance  
All you pale motherfuckers  
I love how you move tonight in the strobe lights
