

Suicidal

Kill The Lights

The shattered glass can never hide your face
Count down the hours until bullets rain
The twisted corpses, bodies torn all apart
The taste of blood fills our dying hearts
Our target set another day will come
Revenge is searching, and you'll be the one
To wear the burden of the victims you ruined
We taste the pain as you carry on breathing

You're going nowhere
Chasing the light that haunts you
Searching for someone to break
All this madness

As I reach for the sky
All hear are the wounded dying
I can see in your eyes
Your world is suicidal
As the innocent die
All I hear is a mother crying
I can see in your eyes
Your world is suicidal, suicidal

You'll never take another breath tonight
The victims haunt you as you march in time
You're not a man, you're just a wave in the ocean
Searching for death, their faces are broken
You walk this world with no care in life
You preach your poison, and you fill our minds
Wading through bodies as the fires are burning
We are united!

You're going nowhere chasing the lies

As I reach for the sky
All hear are the wounded dying
I can see in your eyes
Your world is suicidal
As the innocent die
All I hear is a mother crying
I can see in your eyes
Your world is suicidal, suicidal

From ashes-to-ashes dust to dust
We say goodbye to the living
And we beg forgiveness of our sins
Let us walk into the light
Free from the burden of this world
Our heavy hearts will no longer suffer
As our spirits rise from the flesh
Deliver our souls to the afterlife
And let the demons burn in your eternal light

As I reach for the sky
All hear are the wounded dying
I can see in your eyes
Your world is suicidal

As the innocent die
All I hear is a mother crying
I can see in your eyes
Your world is suicidal, suicidal
