

As Above So Below

Kill the Noise

I walk alone
A fate untold
The roads unknown
I'm lost I'm home

I walk alone
A fate untold
The roads unknown
I'm lost I'm home

Now I'm here and paralyzed in fear
I don't know this woman in the mirror
The old has died so the new can grow
As within so without
As above so below

I walk alone
A fate untold
The roads unknown
I'm lost I'm home
