Outlook decedant
Deadman settee dat precedent
Move like a knight no regiment
Spread like rats through tenements
These times Mandem ain't veterans
These times Mandem ain't gettin in
Still gettin that gwopnstill Medellin
Still endin mc's no severence
Still sending them death no emanence
Headtop gone no evidence
Death bed notthin but remnants
Get spread with dead in the sediment
They call him problem child
I seen a bag of pain
I seen a life of passion crumble of a single flame
I seen the system crushin progress time and time again
I'm fuckin done with seen the future through these broken panes
