

Dying

Kill the Noise

I've got a heart for you

I've got a heart for you
I'm really working hard, for you
Right or wrong
Makes me feel like crying

A heart, for you (for you)
That's what I want, to do (to do)
I like you when you're hard on me
I like you when you're hard on me

Makes me feel like
Makes me feel like dying

I've got a heart for you

Makes me feel like
Feel like...
I've got a

Work-working hard for you
It makes me feel (like-like)
Makes me feel like
Makes me feel like
I've got a heart for you
I working hard for you
Makes me feel like
Make-make feel like

Makes me feel like
Makes me feel like dying
Makes me feel like
Makes me feel like dying

I got a heart for you (Yeah)
Makes me feel like
Feel like
I've got a... heart

Makes me feel like I am
Makes me feel like like
I've got a... heart
Makes me feel like
Makes me feel like dying
Makes me feel like
Makes me feel like dying
I've got a heart for you
