Kill the Noise

I'm breathing out fire  
This heat takes me higher

I'm breathing out fire  
This heat takes me higher

This heat takes me higher

I can't take it, yeah  
I can't take it, I can't let it go  
I can't take it, I can't let it go

I can't take it, I can't let it go  
I can't take it, I can't let it go

I can't take it, I can't let it go  
I can't take it, I can't let it go

I can't take it, I can't let it go  
I can't take it, I can't let it go

I can't take it, I can't let it go  
I can't let it go

I'm breathing out fire  
This heat takes me higher  
No  
(This heat takes me higher)

I can't let it go, go  
I can't take it  
I can't let it go
