

Mine

Kill the Noise

No, don't you leave me this way

I can love you
Just give me some time, baby
Don't go, don't leave me on my own
You're mine now, anyway

Oh
Oh
Oh
Don't leave me on my own
Oh
No, don't you leave me this way

I can love you
Just give me some time, baby
Don't go, don't leave me on my own
You're mine now (you're mine now, you're mine now)
Don't leave me on my own

Oh
Oh
Oh
Oh

I'm not well
I got no home
Ooh, how can I lift myself from this
When I left my faith in this?
(You're mine now)
No, don't you leave me this way
