

Paper Moon

Kill the Noise

Underneath this paper moon
Don't you let your dreams die
Underneath this someday soon
Looking for a better life
Underneath this faded glow of illusive happiness, I'm
Bathing in this paper moon
Looking for a better lie

Looking for a better lie
Looking for a better lie
Looking for a better lie

Underneath this paper moon
Don't you let your dreams die
Underneath this someday soon
Looking for a better life
Underneath this faded glow of illusive happiness, I'm
Bathing in this paper moon
Looking for a better lie

Don't you let your dreams die
Looking for a better lie
Looking for a better lie

Underneath this paper moon
Don't you let your dreams die
Underneath this someday soon
Looking for a better life
Underneath this faded glow of illusive happiness, I'm
Bathing in this paper moon
Looking for a better lie
