

Within The Boundaries

Kill the Noise

I feel confined
Only free to expand
Only free to expand myself within the boundaries
Only free to

I float weightless to the surface
I imagine I'm becoming someone else, else
When I float weightless to the surface
I'm imagining I'm becoming someone else

Only free to expand myself within the boundaries

I feel confined
Only free to expand
Only free to expand myself within the boundaries

Only free to

There's something happening inside my mind
I'm disassociating all the time
Boundaries of my mind

Boundaries of my mind
