

Can't Take It Away

Kill Your Idols

I'm as passive as I can be I'm so blind i can't see Why people
take advantage of me Squeeze me dry of all I've got Drained of
life, I slowly rot Just because I care a lot Take my money, tak
e my time Take whatever I call mine Never greedy always f**king
kind Now I'm empty do you care Doesn't matter I'm always there
to let you strip me f**king bare Can't take it away from me(3X
) Can't take my pride All I know is all I've got But i know i h
ave a lot time for this to f**king stop Playing games with my h
ead suppressed anger burning red It's better off. that I have s
omething said Blank stares and blatant lies half truths and ala
bis pull the shades over my eyes Now I'm wise to your game and
I see it's all the same Once again myself
