

## Animus

### Killer Be Killed

Barbarian infestation  
War is their religion  
Kill the only answer  
Hate can only end with death...

Barbaric bastards  
Breeding Huns

You're severed head is a trophy  
Your body fed to pigs  
Hate the only answer  
Pain can only end with death...

Nomadic bastards  
Animus

You'll be decoration for me  
A blinding barrage that you can't see

This is how we kill  
This is how the devils kill
