

Filthy Vagabond

Killer Be Killed

One more time
Just give me the mic and the night
I'm ready to slay
Feels like home
I'm never alone
But one more show's never a problem
I wanna go to every place
And never slow down
I might not come back alive
Forever is the fire in me
A lightning bolt in the ground
I'm gonna be

Living free
Onward and upward
You know me
Oh oh
Don't tell me
What you think of
Who I should be
Oh oh

City lights when passing by
My home is the road
Sound check hotels, backstage hell
I'm going for broke
Getting hammered, playing loud
What life is all about
Dirty clothes, shitty food
Hell... I'm in the mood

Living free
Onward and upward
You know me
Oh oh
Don't tell me
What you think of
Who I should be
Oh oh

There's no life in between
The journey calls to me
Where every day is new
So I'll stay on the move

There's nothing here to lose
So I'll stay on the move
There's no life in between
The journey calls to me

Chasing horizons
Blue sky in front of me
That's the way it ought to be
No more conforming
Freedom not lost on me
Knowing your enemy

Living free
Onward and upward
You know me
Oh oh
Don't tell me
What you think of
Who I should be
Oh oh

There's no life in between
The journey calls to me
Where everything is new
So I'll stay on the move

So I'll stay on the move
